Dear Mr. Hake:

Vermont became the lead state for the Pooled Fund Study TPF-5(222), "The New England Transportation Consortium (VI)" in 2010. The study was originally established with Vermont as the lead state for only four years. The Vermont Agency of Transportation agrees to extend its role as lead state for an additional four years. The new end date will be listed as September 30, 2018.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "William E. Ahern".
