B. Final Reports (See Appendix AS- 1. format)

At the completion of any project, a final report shall be prepared. Copies of the draft final report should be submitted to the Chairman and members of the Project Technical Committee for review. The Chairman of the Project Technical Committee will coordinate the Committee's review of the report and provide the PI with the review comments.

In resolving the Technical Committee's review comments, the PI should communicate directly with the Chairman of the Technical Committee. When the PI has resolved the Technical Committee's comments to the satisfaction of the Chairman, the Chairman will provide the PI with an e-mail, with a copy to the NETC Coordinator, authorizing the PI to provide one (1) hard copy and a bookmarked PDF version on CD of the final report to the NETC Coordinator for a final 'quality control' check. Upon completion of the 'quality control' check, the Coordinator will provide the PI with NETC report covers and backs and authorize the printing of seventy-five (75) paper copies.

A-8 PROCEDURE FOR FINALIZING AND FORMAT OF THE FINAL REPORT

1. Procedure for Finalizing the Final Report:

- Copies of the draft final report should be submitted to the Chairman and members of the Project Technical Committee for review. The Chairman of the Project Technical Committee will coordinate the Committee's review of the report and provide the PI with the review comment.
